THE LONGER YOU USE THE TSM® PROGRAM, THE BETTER THE SOIL AND THE HIGHER THE YIELDS!

FERTILIZER

DAP, Potash, Micros, Pelleted Lime, Ag Lime, Starter/Germinator Liquid, TSM® Dry Pre-Mix

Our precise recipe has proven to better withstand stressful crop conditions caused by weather extremes therefore providing a better outcome.

SOIL SAMPLING

Sampling every other year to react and understand the nutrient movements in the soil. We understand nutrient cycles, can tell which direction they are going and fertilize accordingly, providing a higher Return On Investment.

TSM® RECOMMENDATION

TSM® outyields all other programs and recommendations! We have 18 years of research to back up our claims.

Our unique calculation is solid and ONLY used by TSM® Services, Inc.

TSM® GOAL

Help our customers reach their goals with their budget.

ie Goals: Achieve lowest fertilizer cost per bushel. Reach maximum economical yield.

We offer a balanced fertility plan for each farm by field, by grid, and by crop. We customize the program to fit what you need!
